

# BlueNIGHTs

## European Researchers' Night

BlueNIGHTs is a project funded by the European Commission under the HORIZON-MSCA-2022-CITIZENS-01 action, GA 101061605

Pohjoisesplanadi 11–13, Helsinki City Hall

30.9.2022  
3–7 pm

**HELSINKI, the Baltic Sea is calling...is Atlantic Ocean and Mediterranean Sea hearing...**

## PROGRAM

### **What is a marine scientist, and what on earth is it they do?**

Could this career be for you?

### **What do our fish friends have to listen to – “down there”?**

Listen the natural sounds and “human decibels” of underwater world!

### **Watching Plankton-LIVE**

Meet those cute water fleas through the lens of a microscope

### **Do you know the species of the Baltic Sea?**

Play KAHOOT-quiz and learn more

### **Lend your hand to the Baltic Sea**

Get to know how to support the well-being of our sea

### **Put on the water research backpack!**

Learn to monitor the state of your nearby waters

### **Research beach microplastics**

Take the workshop on site with online connection to the scientist’s lab!

### **The Baltic Sea doctor is listening!**

Challenge a top scientist with your questions

### **Treasures of the Baltic Sea? Watch the photos and video!**

What all can be found in the sea?

### **What has happened to R/V Aranda?**

Compare old and new Aranda

The virtual vessel is on its way...

### **Load the Baltic Sea -podcast and let it play...**

*When I grow up,  
I’m going to be...*

**MARINE  
RESEARCHER?!**

*Come and learn  
about Baltic Sea  
research!*

**WELCOME!**
