POSTERS

No	Presenters	Title of the Poster
1	Daniel Thomas	Driven to the Edge: Music Therapy, Early Life Trauma and the Endurance Athlete
2	Emine Elif Şahin	Beyond Therapy: Therapeutic Potentials of Community Music Interventions
3	Hyunah Cho, Scott Bannister	Musical Engagement and Wellbeing among International Students in the UK: Implications for Music Therapists
4	Annie Heiderscheit, Alison Short	How does music support physical and emotional therapeutic work inherent in the Hero's Journey in GIM
5	Lisa Margetts	Safe&Sound: Exploring reflexivity in Music Therapy consultation research in UK SEN schools.
6	Giorgos Tsiris, Bruce Armstrong	Environmental Music Therapy: Insights from a qualitative study in a hospice setting
7	Chris R. Millett, Viggo Krüger, Katrina Skewes McFerran	Co-Creating Change: A Scoping Review of Participatory Music-Based Interventions in Upper Secondary Schools
8	Nicky Ahadi	Potential benefits of music-based therapies on rehabilitation outcomes in people with multiple sclerosis: a systematic review
9	Willow Lowry	Broadmoor Porta-Studio: A Novel Music Therapy Approach to Improving Access in a High-Secure Psychiatric Setting
10	Sinead Hegarty	A Tapestry of Climate and Community: Student Research Project exploring Music Therapy as an element of community recovery following climate-related events.
11	Sam Scott	Memories & Melodies: Creating a Christmas Album with Older Adults Using a Portable Recording Station in Auckland
12	Karyn Stuart-Röhm	How do Music Therapists work with those caring for people living with dementia: A survey study.
13	Okiko Ishihara, Yuriko Ichiki	From the Perspective of the Expressive Therapies Continuum Theory in Music Therapy: How are percussion instruments used in improvisation?
14	Priya Vithani	When the music fades: Exploring musical engagement as an indicator of mental health in Music Therapy for verbal adults.
15	Yen-pei Chen	Music, Actually: Piloting group music-making as an intervention to support mental wellbeing and prevent chronic work-related stress among corporate employees
16	Daisy Vatalaro, Carole Murphy	Unknown Futures: The Role of Music Therapy in the Life Journeys of Female Survivors of Modern Slavery
17	Vikram Kannan	A Study on the Effect of Receptive Music Therapy Interventions on State Anxiety and Patients' Perception of an Upper Gastrointestinal Endoscopy Procedure

18	Vikram Kannan	Music Therapy in a De-Addiction Setting: Practice-Based Reflections on Patient and Family Support
19	Leonardo Muller-Rodriguez	SLEEP-ON: Personalised bedtime music and multimodal sleep–biology assessment in dementia caregivers - a feasibility reversal case series study
20	Einike Leppik, Marju Raju	Pilot project of music therapeutic concerts - participants' self-reported effects on mental well-being
21	Ruth Hunston, Jess Grieve	Nurturing Notes. How group Music Therapy offers support to infants and their families upon discharge from the neonatal unit.
22	Dominique Mirabella	Inclusive pathways - International music therapy students in the UK and the Graduate Visa Scheme
23	Karen Diamond, Seána Kerr, Rebecca Carey	Music Fundamentals Pilot- MT and SALT collaboration working with staff in early years settings
24	Elsa Hariades, Elsa Hariades	Music Helps: How intercultural learning and digital innovation inspires caregivers to embed music into dementia care
25	Phil Clarke, Paula Hedderly, Anna Young	Remix Resilience – Realtime Digital/Analog Co-creation in Group Music Therapy for Young Peoples Mental Health
26	Sonia Karaszewska	The Use of Music Therapy to Support the Well-Being of Palliative Care Patients in Poland.
27	Alice Laing, Portia Velarde	Creative Collaboration in Group work
28	Hok-tsun Ma, Kingman Chung	From Crisis to Connection: The "Emotional Oasis Concert" Framework as an Integrative Music Therapy Response to a recent Tragedy across Clinical and Community Levels
29	Emily Man Ting Yeung , Cheung Kit Yang Carol	Music as Companion: A NOVA-Informed Protocol for Single-Session Music Therapist-Led Crisis Intervention in Post-Fire Transitional Housing
30	Vicky Guise	Exploring the Experiences of Multi-Disciplinary Team Working for Neurologic Music Therapists™ Supporting Adults with Acquired Brain Injury
31	Vicky Guise, Esther Goodhew	Give Me Time' - Exploring the Impact of a Collaborative Community Aphasia- Friendly Choir for Patients, Caregivers and Students
32	Georgina Roberts	Developing a Boundaried Practitioner-Facing Toolkit from Arts Therapies Research to Support Parent-Infant Relationships
33	Susie Renshaw	Repetition in Music Therapy. Repetition in Music Therapy - The positives and problems around repetition and routine. A discussion illustrated by case material.
34	Amanda Thorpe	From Silence to Song: Bridging inner conflict and neural repair through the integrated used of psychodynamic and neurologic Music Therapy methods for a patient with Guillain-Barré Syndrome
